

Birches Primary School

NUT and KIWI Allergy Warning

Please ensure that foods containing nuts or kiwis are
NOT brought to school as we have children in school
with allergies.

Thank you

Medication in school

There are two medical forms available in school to complete if your child has either an on-going medical condition eg: asthma or if your child requires medication to be given for a short term eg: an anti-biotic.

These forms are both on our school website under the heading 'policies'.

They are also available from school.

It is very important that all medical forms and relevant medication are sent to school as soon as possible.

If there is a change in your child's medical condition you must contact school to inform us of these changes.
